**University of Arizona
Pledge of Academic Integrity**

This is an online course, where the temptation to take unfair advantage of a situation can be much higher than in a traditional classroom environment. Academic integrity is of utmost importance in a fully web-based course. Therefore, extra precautions are being taken to ensure the quality of online education. You are required to electronically sign and return this affidavit as a pledge of academic integrity. This will serve as confirmation that you have read the Arizona Code of Academic Integrity <http://deanofstudents.arizona.edu/codeofacademicintegrity> and that you understand that breaches of academic integrity for online courses are treated very seriously. Sign below, and submit.

Pledge of Academic Integrity

I hereby pledge that I will observe all rules of academic integrity, that all work will be my own, that I will not take unfair or dishonest advantage by cheating or plagiarizing, or any other form of dishonest behavior.

I understand that these kinds of dishonest practices disrespect and devalue me, harm the reputation of the educational institution that I, and others, depend upon, and

devalue degrees and certificates earned from this institution.

I understand that breaches of academic integrity as explained in the University of Arizona Code of Academic Integrity are grounds for numerous possible sanctions, including expulsion from the University.

Type your name in the answer field below. Your electronic submission of this form validates the signature below as your own.
